

Rajiv Mishra

Frontend Engineer

Surat — 9998487424 — contact.rajivmishra@gmail.com

[LinkedIn](#) — [Portfolio](#) — [GitHub](#)

Profile Summary

Frontend Engineer with 10 months of experience in React.js and Next.js. Experienced in building responsive user interfaces and integrating REST APIs. Hands-on exposure to backend development through personal projects using Node.js, Express.js, MongoDB, and Prisma.

Experience

Frontend Developer (React.js / Next.js)

Tagline Infotech LLP, Surat

May 2025 – Present

- Began as a React.js developer and later took ownership of a Next.js application after onboarding into the framework through active project work.
- Worked on a browser-based gaming platform. Improved application performance by identifying and fixing bottlenecks, increasing Lighthouse performance score from 48 to 70.
- Collaborated with the WordPress team by building backend REST APIs using Next.js API routes.

Skills and Technologies

Frontend: HTML, CSS, JavaScript, React.js, Next.js, Redux, Tailwind CSS, React Query

Backend and Database: Node.js, Express.js, MongoDB, Postgress , Prisma , WebSockets

Projects

AI Background Remover

Mar 2025

[GitHub](#) — [Live Demo](#)

- Built a responsive web application using React and Tailwind CSS to remove image backgrounds via an AI-powered API.
- Managed global state and caching using Context API and LocalStorage for a smooth user experience.
- Designed a clean UI with optimized image handling and fast download functionality.

GameHub

Jan 2025

[GitHub](#) — [Live Demo](#)

- Developed a browser-based gaming platform featuring multiple interactive games using React.js.
- Implemented persistent state management using Context API and LocalStorage.
- Designed the application with mobile-first principles and future scalability in mind.
